Dear Mr. Burrows:

Based on the information which you supplied I can confirm, that you did indeed receive WADO Radio on the night of June 15th, 1986. Here are the answers to your questions; You already have our frequency and power. We are on the air 7 days/24 hours, no network affiliation.

Enclosed please find a coverage map for our service area. Our farthest signal report was from Northern Norway and the listener sent us a cassette. Our studio and transmitter are both located in Carlstadt, New Jersey. We are a directional station and have no sister stations. We broadcast in Spanish with exception of Sunday when we go gospel from 5:30 AM-9:00AM and again from 8:00 PM to 3:00 AM. We receive about 10 DX letters per year.

Sincerely,

Richard N. Ross
Chief Engineer
